Bottled Water Supply

BCM Project No. 00-6207-01

Dear Mr. Howe:

We have taken over as Engineers on this project, replacing OHM Corporation. On behalf of our client, we are requesting that you contract with us to continue your supply of bottled water to the twenty (20) addresses on the list you provided to me by facsimile transmission on November 8, 1990 (copy enclosed).

This is to supplant the verbal contract you presently have with the OHM Corporation. As soon as we sign a written agreement, you can begin billing us for this service. OHM will remain liable for payment of services until that time.

May I note that on a list prepared by others, a 21st delivery was indicated, to Jacob Mays Jr. and Sr., at 221 Mill Street. Would you please verify whether this is accurate and if so, add it to your list.

You also noted that the cost of a case of water was \$3.25 but neglected to say how many cases per month you deliver. Please provide this information for our further review, at your earliest convenience.
